

Tuesday, 23 August

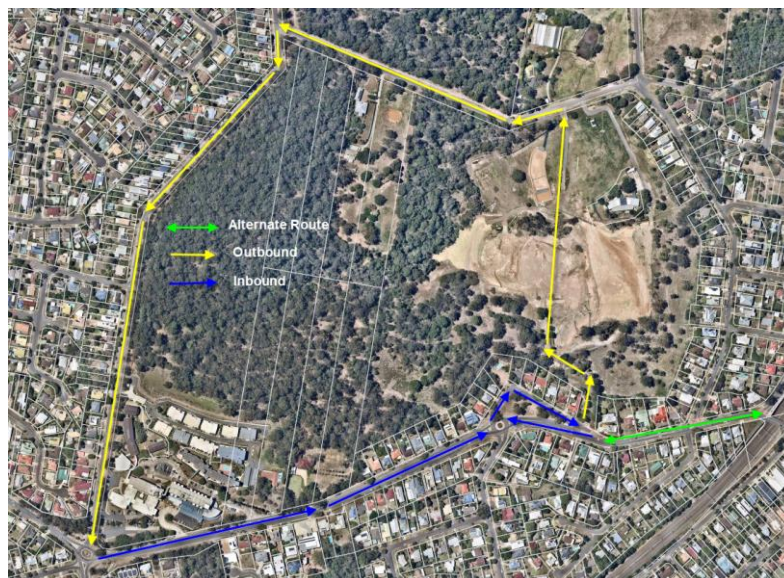

53 Seventeen Mile Rocks Road, Oxley – Oxley PDA Project

As outlined in Economic Development Queensland’s (EDQ) July 2021 construction update, the Operational Works Application for filling or excavation (DEV2021/1180) was approved on 17 August 2021. Shadforth is anticipated to commence import of clean material on 30 August 2021, with the works forecast to be completed over a 4-week period, weather permitting.

As detailed in EDQ’s July 2021 construction update, there will be up to 15 truck movements per hour importing clean material to site, with Shadforth placing the material in Songbird, Oxley’s proposed Stage 2 parcel area.

The import and placement of clean material (the works) will occur prior to Stage 1 works being completed (forecast in October 2021). No heavy truck movements in and around the site will be required after the completion of the works. This will mitigate any potential Workplace Health and Safety concerns with respect to the public and builders accessing the site.

Trucks loaded with clean material will enter the site via the Seventeen Mile Rocks Service Road. Empty trucks will exit through the Cliveden Avenue gate, and travel along Fort Road to Seventeen Mile Rocks Road (designated truck route – please see map below).

Shadforth would like to thank residents along Cliveden Avenue, Fort Road, Seventeen Mile Rocks service road, the C&K Yuingi Childcare Centre workers, parents and children and the greater local community for their ongoing patience during these works. If you have any questions or concerns regarding these works, please do not hesitate to contact one of the following people:

Company	Title	Name	Phone Number	Email
Shadforth	Project Manager	Campbell Thompson	0476 655 544	Campbell.Thompson@shadcivil.com.au
Shadforth	Project Foreman	Luke Parker	0436 015 825	Luke.Parker@shadcivil.com.au

Kind Regards,

Campbell Thompson ► Project Manager
